

Go visit one of Corsica's most beautiful beach, Plage de Saleccia.

Go visit one of Corsica's most beautiful beach, Plage de Saleccia. The beach is only accessible by boat, off-road cars or hiking and therefore the area is completely undeveloped. The only sounds you can hear here are the chirring of cicadas in the groves of Corsican pine and the contented lowing of a handful of chestnut-coloured cows that occasionally visit the beach's eastern end. Take the opportunity to explore the one kilometer long beach of dazzling white sand that shelves gently into the turquoise sea.

We will first drive through the region "Desert des Agriates" with an amazing view over the desert-like landscape. After this we will come to Corsica's St Tropez, Saint Florent. From here we will go by small rib-boats along the coast line of Desert des Agriates until we eventually reach Plage de Saleccia. At Plage de Saleccia you can swim in the crystal clear turquoise water, hike along the coast, relax by the beach or watch the boats passing by, the choice is yours!

Lunch pack is included!

HIGHLIGHTS

- Visit one of Corsica's most beautiful beaches
- Go by rib-boat along the coast line
- Experience the landscape of Desert des Agriates

Info

We meet in the reception.
Lunch pack included,
good to bring sun screen and
