

Land & Lagoon Adventure

Discover two of Corsica's most beautiful beaches by jeep and boat

Experience a full day of swimming, nature and adventure in the spectacular Désert des Agriates.

Begin the journey with an off-road drive through the wild, desert-like landscape of the Désert des Agriates. Along the way, enjoy beautiful views before continuing towards the charming coastal town of Saint-Florent.

From here, travel by RIB boat along the coastline to the remote Saleccia Beach, accessible only by boat, off-road vehicle or on foot. Explore its long stretch of white sand, swim in the clear turquoise water or simply relax by the sea.

The adventure continues to the peaceful Lotu Beach and its beautiful lagoon, surrounded by unspoilt Corsican nature. A packed lunch is included, giving you plenty of time to enjoy the beaches and scenery at your own pace.
