

Local hike to Monticello

Start the day with a refreshing hike to the traditional village of Monticello and enjoy a freshly squeezed orange juice

This morning hike takes us up to the lovely small village of Monticello. We leave the hotel and walk uphill on winding paths and small roads until we reach Monticello. Enjoy the olive trees and the great views on the way. Monticello is famous for its orange tree plantation, so a stop at the local café to buy a glass of freshly squeezed orange juice is a must.

You will also see a lot of cacti on the way, and if you are lucky, the guide will slice open a cactus fruit for you to try, simply delicious!
