

Via Ferrata with Zipline

A challenging climb up the mountain and
an exciting zipline trip down

Via Ferrata is challenging, exciting and a lot of fun. Our partner, In Terra Corsa, operates Corsica's largest via ferrata and zipline park. You begin by climbing the mountain while safely attached to a wire, with built-in steps and ladders along the way. As you climb higher, you can enjoy beautiful surroundings and spectacular views over the valley.

The excursion includes an intermediate-level Via Ferrata route, followed by an exciting zipline descent down the mountain. A simpler, family-friendly route is also available. Ask the guides for more information.
