

Local hike to Monticello

Start the day with a refreshing hike to the traditional Monticello village and enjoy a fantastic orange juice

This morning hike takes you up to the lovely small village of Monticello. We leave the hotel and walk uphill on winding paths and small roads until we reach Monticello. Enjoy the olive trees and the beautiful views on the way. Monticello is famous for its orange tree plantation, so a stop at the local café for a glass of freshly squeezed orange juice is a must.

You will also see a lot of cactuses on the way, and if you are lucky, the guide will slice up a cactus fruit for you to try, simply delicious!
